

Big Sky Racks Inc.

LAW ENFORCEMENT WEAPONS MOUNTS
THE CHOICE FOR THE WORLD'S MOST DEMANDING OFFICERS.

THE CHOICE FOR THE WORLD'S MOST DEMANDING OFFICERS.

THE FINEST WEAPON MOUNTS AVAILABLE

DECADES OF TRIED AND TRUE SECURITY AND DEPENDABILITY

A WORD ABOUT US

We believe that when it comes to people's lives, security and product dependability, a second-best product should NOT be a consideration. Our weapon mount systems – and in particular, our ELS Systems – reflects this axiom.

WE ARE THE LEADER IN OUR FIELD

Big Sky Racks, Inc., located in Bozeman, MT, has been building vehicular weapon mounting systems for nearly 30 years. What began as a great idea for improving weapon access and transportation security for the shooting sportsman has led to the development of the ELS Systems - designed specifically for the Law Enforcement community.

Our customers agree that these systems are the most durable and reliable systems available. We have invested untold hours in research and development, with the intended purpose of providing the best product possible. Numerous patents and quality control guidelines testify to this fact.

A BETTER PRODUCT

At Big Sky Racks, the main focus of our production is, and shall remain, to serve the needs of Law Enforcement – to constantly improve upon these systems as technology and society place more demands on our Law Enforcement community.

SATISFACTION SPEAKS FOR ITSELF

Big Sky Racks, Inc., provides Law Enforcement with an innovative weapon mount system, the ELS Model Series, delivering the ultimate in security and accessibility to vehicular officers. The features of this system are unique and beneficial to Law Enforcement.

To meet the rugged street conditions, Big Sky Racks, Inc. utilizes the best materials to build the best weapon mounting systems available. Just as Law Enforcement must perform to its highest standards, so must manufacturers supplying the tools of your trade.

ELECTRONIC MOUNTING SYSTEM FEATURES

THE ULTIMATE FOR SAFETY, SECURITY AND ACCESSIBILITY

The ELS Models are constructed of a one-piece steel frame, eliminating welds, which provides maximum durability and strength.

The electronic released locks, padded brackets and guards are mounted to the ELS frame to custom fit your weapon.

SHOWN: Model ELS with RB Mounting Option

ELS RACK AND LOCK FEATURES

- **Steel Construction**
High quality and durability for officer safety.
- **Trigger Guards / Anti-Activation Guards**
Protect against accidental weapon discharge.
- **Electrically Released Locks**
Timer delay and push button switch, allow access to the weapon for ten seconds without holding release button.
- **Key Overrides**
Choice of handcuff, standard or barrel key(s).
- **Adjustable Components**
Allow for proper weapon seating.
- **Padded Weapon Brackets**
Protects weapons and maintains a rattle-free environment.
- **Transferable Between Vehicles**
Allows for transfer of weapon mounts between patrol cars and fleet replacement vehicles. May require additional mounting hardware. Contact Big Sky Racks for further information.

THE ELS 300 MODEL

A SINGLE RACK LOCKING SYSTEM TO SECURE A VARIETY OF WEAPONS

THE ONLY SYSTEM IN THE INDUSTRY WITH QUICK CHANGE INSERTS

ELS-300 SERIES RACK SYSTEM

The ELS-300 Rack System is a result of departmental and agency requests for a single-rack system capable of securing more than one type of weapon. It allows for officers changing shifts or vehicles to quickly and easily – with no tools required – remove and replace molded ELS-300 Quick-Change Inserts for their particular duty weapon.

ELS-300 SERIES QUICK-CHANGE INSERTS

The ELS-300 Quick-Change Inserts are designed to be individually inserted into the ELS lock assembly, and available in numerous styles accommodating a wide variety of duty weapons.

ELS-310 PUMP SHOTGUNS

ELS-320 AUTO SHOTGUNS

ELS-330 MPS

Please contact us regarding your existing Big Sky Racks model and other configurations available.

THE ELS-600 LOCKS

Just need locks? Buy the best—the ELS-600 Series. Includes push button switch. All locks are available with key override; (A) Handcuff; (B) Standard/Flat; (R) Barrel

ELS-610-A (Handcuff Key shown) Lock for Pump Shotguns.

ELS-620-B (Standard Key shown) Large weapon Lock. Shown with adjustable plate.

ELS-620-R (Barrel Key shown) Large weapon Lock. Shown with ELS-310 insert.

ELS VERSATILE MOUNTING BRACKETS

MULTIPLE MOUNTING OPTIONS TO MEET YOUR NEEDS

The ELS Models were primarily designed to place weapons in the ceiling of vehicles, offering a convenient, out-of-sight storage for weapons; however, the ELS Models can also mount vertically to partitions or flat surfaces, i.e. trunk lid, S.W.A.T. units, etc.

UCB CEILING MOUNT

For use with vehicles without partitions. The bar is attached by use of self-drilling screws into inner headliner side panels. Includes UCB telescoping bar and adjustable mounting brackets. UCB mounts will accommodate all ELS Racks, in 1 or 2 gun configurations. UCB Mount is **not compatible with vehicles having Side Curtain Airbags.**

UCB Mount - Can Accommodate 2 Rack Models

FLOOR MOUNT BRACKET

Mounts to the front passenger floor. Elongated slot allows the weapon location to adjust by sliding forward and back; tilt up and down. Accommodates any ELS Model.

Floor Mount Bracket

VMB VERTICAL MOUNT

For vertical mounting on existing partitions or flat surfaces.

VMB Mount - (With Partition)

RB ROLLBAR MOUNT

Specially manufactured u-bolt / saddle for mounting to partitions with roll bars, padded or non-padded. Also used with UCB bar.

RB Mount (With Roll-Bar Partition)

TLB Trunk Lid Bracket

For existing ELS models to trunk lids.

TLB Mount - (On Trunk Lid)

FF FLAT SURFACE MOUNT

For mounting directly to any flat surface – trunk lids, interior walls, etc.

FF Mount

Please note : Some identified mounts are not compatible with vehicles having a Side Curtain Airbag feature, please contact a Big Sky Racks representative to discuss your mounting options.

SBR & BSR SERIES

VEHICLE AND WALL MOUNTS FOR LOWER LEVEL SECURITY REQUIREMENTS

These weapon mounts are a non-locking weapon mounting system for law enforcement or for private, off-duty use. They are ideal for out-of-sight transportation of weapons and accessories.

THE SBR MODEL SERIES

Model SBR-1G - Mount for 1 Gun

Model SBR-2G - Horizontal Mount 2 Gun Rack

SBR Series mounts are available in two basic models: SBR-2G (2 Gun) and SBR-1G (1 Gun) mounts. Also available for both SBR models is the SBB-U utility bracket set which provide optimal storage and easy access for your small accessory items (fishing rods, flashlight, etc).

Telescoping Bar with Adjustable Gun Brackets

- **Telescoping Square Tubing Construction:** Fits in most vehicles.
- **Ceiling Mounting:** Simple, secure side-mounting to inner side plates common in most vehicles.
- **Hook & Loop Fastening Strap:** Heavy-duty nylon.
- **Padded Brackets:** Thick, padded brackets protect finishes and scopes, and adjust to fit most weapons.
- **Available in Both 1 and 2 Gun Models.**

THE BSR MODEL SERIES

Model BSR-2 - Mount for 2 Guns

Model BSR-2 (overhead truck mounting shown)

The two original BSR Racks are the BSR-2 Model (a two gun model for overhead, horizontal mounting) and the BSR-1 Model (a one gun for horizontal or vertical mounting).

All original BSR Racks are intended for direct roof mounting. Vehicles without double-wall construction will require through-the-roof or through-the-sidewall mounting.

Model BSR-1 (trunk mounting shown)

- **Easy to Install:** Up and Out of the Way
- **Quick Access**
- **Overhead & Vertical Mounts**
- **Steel Frame**
- **Thick Padding: Protects Weapons**
- **Hook & Loop Fastening Strap** Heavy-duty nylon.
- **Available in Both 1 and 2 Gun Models.**

Some identified mounts are not compatible with vehicles having a Side Curtain Airbag feature, please contact a Big Sky Racks representative to discuss your mounting options.
